Re: Facility ID # 53-0187  
Permit Number: 966458P; 966398P

Dear Mr. Wampler or responsible official:

The Knoxville Division of Air Pollution Control is completing file reviews in an effort to ensure all required permits have been obtained and are not beyond their expiration date. During our review, it has come to our attention that construction permit numbers 966458P and 966398P are due to expire on October 1, 2013.

If this source has begun operations, please ensure all conditions of your construction permit have been met including the submittal of startup certification. However, if startup has not occurred, it may be necessary to apply for a request to extend the expiration date.

Application form (APC100/APC 20) is located at (<http://www.tn.gov/environment/permits/airoper.shtml>). You now have the option of submitting your application via email to [Air.Pollution.Control@tn.gov](mailto:Air.Pollution.Control@tn.gov). The submittals must be signed and in PDF format.

Should you have any questions, feel free to contact me at (865) 594-6035. If the application process has already begun, please disregard this letter.

Sincerely,

Martie L. Carpenter  
Environmental Field Office Manager  
Tennessee Division of Air Pollution Control
